The Great Big Bengeworth Litter Pick

The Eco Team would like to invite any interested families to volunteer an hour or two in the month of February to support a local area litter pick. If you think you would like to lead a Bengeworth local area pick with support of the Eco Team and can spare some time over a weekend or evening to do this then please do contact Mrs Richmond via the Kings Road office.

Many thanks
Mrs Richmond and the Eco Team

Year 4 Enterprise Project

Last half term, Year 4 worked hard to design and create a sleeve for a sketchbook. Pupils made their own lino print and used this to decorate their sketchbook. After this, they designed and sewed a sleeve for the sketchbook to go in. Pupils raised £175 for their chosen charity 'Polar Bears International'.

Year 2 Explore Evesham and Life During the Great Fire of London

Year 2 enjoyed a walk into Evesham this week to explore the different houses and what it would have been like to have lived in houses that were very close together during the fire of London in 1666. We finished our walk with a trip to the Local bakery and we enjoyed some fresh bread. We were able to imagine what working in a bakery would have been like.

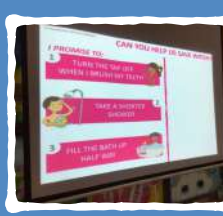

Children's Mental Health Awareness Week runs from 3rd-9th February 2025. To celebrate individuality, our House Captains have organised a Crazy Hair Day on Friday 7th February. We invite all children (and staff) to wear a crazy hairstyle with their school uniform. In exchange, we ask for a donation to support Friends of Bengeworth in raising funds for resources to enhance children's learning and play. A donation of £1, or any spare change, would be greatly appreciated. Thank you for your support, and we look forward to seeing your fantastic hairstyles!

We would like to remind parents that children must bring a warm coat to school each day. If they do not have a coat, they may not be allowed outdoors during the school day.

The Journey of Water

On Monday, the children in Reception and Year 1 were fortunate enough to have Severn Trent lead their assembly. They learned about where our water comes from before it reaches the tap, and where it goes afterwards. The children were amazed to discover how long it takes to 'clean' the water before we can use it. They also found out various ways they can help save water.

Exploring Earth's Wonders

Year 3 had a wonderful time when the Explorer Dome came to visit. They excitedly watched the Earth show which included physical geography about the formation of Earth and tectonic movements of our planet. The children explored plate tectonics and continental drifts through the sights, sounds and smells of volcanoes, earthquakes and our active world.
